

## Bouquet Garni

The catering and the overall management of your wedding day is run by Bouquet Garni. They have an excellent reputation and offer a wide variety of delicious menus. Whether you are after a formal meal, a less formal sharing platter or a summer barbecue they are happy to work with you to create just what you want.

At an initial meeting, you will meet them to discuss your menu, and help work out the running of your day from start to finish. They will cover details like table layouts, linen requirements and timings. On your wedding day a dedicated manager from Bouquet Garni will be there beforehand, working with your suppliers and throughout the day to ensure everything runs smoothly.

Layer Marney Tower has a flexible drinks policy that can be tailored to your needs and budget. When you meet with Bouquet Garni you can discuss what will work best for you. As well as helping with quantities and delivery arrangements, they can also help with inspiration if wanted. Champagne and Prosecco are the classic drinks for a reception, but have you thought about Pimms, cocktails, traditional lemonade or perhaps a seasonal drink like Mulled Wine?

The majority of our wedding couples choose to supply their own alcohol and soft drinks for the reception, wedding breakfast and speeches. Most people will then move to a bar in the evening which normally starts when the dancing begins, or after the evening meal. We do not charge corkage but Bouquet Garni will charge a service fee: £3.85 per person.

If that doesn't work for you, you can arrange for Bouquet Garni to organise all drinks on a per head basis or to have Bouquet Garni run a drinks bar all day.

The Bar is open to midnight and serves draught beer and lager, wine and spirits. If you have particular requirements - cocktails, craft beers etc., then just arrange this with Bouquet Garni. You may have a "free bar" (allowing you to pick up the tab), a restricted tab (limited to just wines and beers) or there can be a normal pay bar.

We ask for any of the drinks you are supplying to be delivered the day before your wedding to allow time for them to cool, warm or settle as necessary and, of course, so we know it will be ready for your arrival!
